

Minibus Hire for groups / Individuals in the community

Many community groups organise trips that need a minibus, unfortunately some members are unable to take part because they need to use a wheelchair or have problems with an ordinary vehicle.

We have several accessible vehicles which can accommodate 15, 11, 8 & 5 passengers. Our wheelchair accessible Vehicles are available for hire to groups within the community or to individuals.

We can supply a driver or the vehicles may be hired as a self drive option (full training will be given)

Groups can be loosely defined & do not need to be formally constituted.

Groups that wish to self drive need to have a section 19 permit and can register, free of charge with Devon County Council. Please ask us more details.

TDCTA is a registered charity, run by a voluntary management committee.

We receive funding from a variety of sources, these include grants from Heathcoat Trust, Devon County Council & Mid Devon District Council.

Sadly as grants are now being heavily cut due to the current economic climate, we are constantly seeking other funding options in order to help us become sustainable and are very grateful for any contributions we receive.
